OLUWABUNMI GBEMISOYE

ABOUT ME

I'm Bunmi and I'm passionate about all things related to front end web development. I work hard, I care about writing clean and dry codes and I genuinely love to learn. I'm currently looking for the right opportunity to work in an environment that will help me progress into a senior developer role.

WORK EXPERIENCE

Web Development Experience

- Developed fully responsive websites using HTML, CSS, SASS, Bootstrap and JavaScript and React.js.
- Worked with senior developers to manage large and complex projects for corporate clients.
- Adequate knowledge on the use of a version control system (git).
